Dear customer,

Making this spring summer magazine is really great fun. During the cold and windy days we have had the privilege to create a summer feeling.

For our main topic, *Natural*, we went to the beach. It was a sunny day and we have made many inspirational beauty shots. We listened to the sea and felt the sun on our faces. What a blessing! Natural stands for beauty, balance and some luxury.

‘We went to the beach to make photos for our main topic *Natural*’

Another completely new trendy topic is *Brave*. It is one of the newest colours for 2021. A warm earth tone. We have blended this with walnut wood and antique rose copper. This metal is making a comeback this year, but less shiny than last time.

Balance is the key word for 2021. Balance in life, balance in heart, balance in home.

Please check our new collection in this magazine or on our website light-living.com

Lots of love,
the entire team of

Ceramics

Ceramic is a unique product., especially when it's made by hand. Then none of them looks exactly the same. Making ceramic out of clay is real craftsmanship. Most of the ceramics are made by machine. First you make a mould by hand then you repeat it by machine. The difference by ceramics and porcelain is the type of clay and the temperature of the oven.

Check the complete ceramics collection on our website.

Glass

Everyone has it at home, glass-accessories. We have a lot of glassware in our collection. Tea lights, vases or bigger hurricanes. Glass comes to life when you put a tea light or water in it. Glass can be made by machine or by hand/ mouth. It can be fully coloured or sprayed after production. The different ways of production and the thickness of the glass determines the price. Glass can be easily recycled too. **Check the complete glass collection on our website.**

Lampshades

In our studio in Noordwijk we develop and produce lampshades. We check the latest fabrics of our suppliers and have our own designs that we've developed, which are always on trend.

Trends could be based on material, print and colour. We check the colours, see how it looks with the rest of the items in a theme. We always check the fabric with and without light in it. Both ways it should be look amazing. If you replace your current shade with new ones, you can easily update the room. **Check the complete range of shades on our website.**

‘All fabric lampshades are handmade in our studio in Noordwijk’

Curious? Scan the code and we'll show you the entire process.
