Olive

Bring a warm and glistening spring feeling into your home with our main theme Olive.
With its soft tones and light hue's, it creates a timeless and calm ambience. Soft bouclé fabrics, acacia wooden furniture, subtle gold accents and soft earthy tones like olive, sand and cream, give this theme a balanced and serene complexity. Turn your home into a calm and warm oasis with our pallet of Olive.

Handmade lampshades

Annually we produce 180,000 lampshades by hand in our atelier in Noordwijk. This makes us immensely proud!

Curious how our lampshades are made? Scan the code and we'll show you the entire process.

An advanced cutting table cuts all sorts of different materials and sizes. This makes up for a produce of 900 shades a day.

To ensure extra firmness, smaller lampshades are sown together. Larger lampshades are glued together with a machine.

All the lampshades are collected and provided with protective film, ready for shipment!

Light & Living, originally a lampshade company
In our atelier in Noordwijk we develop and produce - as one of the few companies in the Netherlands - handmade lampshades. Twice a year, we make a seasonal change. We look at which fabrics fit on our lamp bases. We make sure to be on top of the latest trends by frequently checking new fabrics at our suppliers and developing our own designs. New trends are mostly based on material, print or colour.

Many variations possible
Introducing our shades into the themes of our collection, we select our colours and designs carefully to create perfect combinations. It is important to us to always test a fabric with and without lighting so we can make sure both look amazing. We produce about 3,500 lampshades a week. Annually we produce 180,000 lampshades by hand in our atelier in Noordwijk. This makes us immensely proud!
